# SIGN PROTECTORS

## PRINT PROTECTORS SIGN HOLDERS SIGN EASELS & BASES

What IS a Print Protector?

A Print Protector is similar to the rigid or hard acrylic sign holders that you may be using now for case goods and other displays, but with several significant differences:

- Our clear, rigid "PRINT PROTECTORS" are half the cost!
- "PRINT PROTECTORS" do not chip or crack like the heavier acrylic sign holders.
- Your choice of removable bases (angled or straight) means versatility at a lower cost.
- Due to the low profile, "PRINT PROTECTORS" can be used to display signs for Appliances, Living Rooms, Dining Rooms, Dinettes, Bedrooms, TVs and Electronics.

Unique materials & construction creates a large .40 gauge opening with a 1/8" inside tolerance dimension provides for easy insertion, and eliminates chipping & cracking.

### Popular Stock Sizes:

- $2\frac{1}{3} \times 3\frac{2}{3}$  •  $3\frac{1}{2} \times 5\frac{1}{2}$  •  $5\frac{1}{2} \times 7$
- $4 \times 6$  •  $8\frac{1}{2} \times 11$  •  $7 \times 11$
- $11 \times 7$  •  $11 \times 14$  •  $11 \times 17$
- $22 \times 28$  •  $24 \times 36$

Other sizes are also available.
